FY 2025 CoC Program NOFO Local Competition Information

The NC 507 Wake County Continuum of Care (CoC) is charged by the U.S. Department of Housing and Urban Development (HUD) to submit a community-wide application for homeless assistance funds.

FY 2025 HUD CoC Program Competition Notice of Funding Opportunity (NOFO) is published and can be accessed at [CoC Program Competition page](#).

Project Applications

Project applications have not yet been published by the U.S. Department of Housing and Urban Development. Additionally, the project application has not yet been released in e-snaps.

As such, the Wake CoC Collaborative Applicant has created a local competition project application which is now posted to the Wake CoC website and attached to this email. Additionally, a scorecard corresponding to this application has been created and will be used by the Funding Review Committee to complete the Priority Listing.

The Wake CoC (NC 507) is soliciting agencies to submit new, renewal, expansion, DV bonus, and CoC Bonus project applications for the local competition under the HUD NOFO. All project applications and supplementary materials are due no later than **Saturday, December 13, 2025, at 11:59 PM**. Application and materials must be emailed to funding@wakenc507.org as a PDF named as follows: "Organization Name - Project Name FY25 CoC Program NOFO Application." no later than 11:59pm on December 13, 2025.

If you are applying for funding for multiple project types, please submit a separate application for each project.

In the event HUD releases the project application shortly after our release of the locally developed application, CoC staff will compare the project applications and issue a "supplemental" list of questions to prepare for final submissions.

The Wake CoC supports new and renewing applicants and projects that produce high-quality services and housing opportunities that enable persons to remain and thrive in their communities, both independently and with appropriate services. The Wake CoC strives to fund eligible applicants proposing to meet this goal with a project created in collaboration with community partners, homeless and formerly homeless persons, which support the Wake CoC plans and strategies. Successful applicants will demonstrate clear strategies that align with HUD priorities and promote self-sufficiency.
